Design 2: Shrunken House

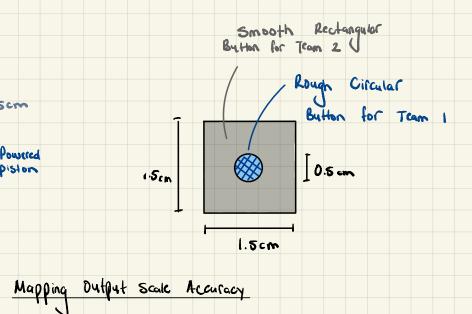

Effect: Scans rocks in the house and maps them by outputing scaled button system with circle signifying team 1 and rectage for kam 2

Functionality: Camera Scans house and rocks from above and generaliss array of 1's and 0's. This array indicals it a rock is present in that location on the gried.

The pishoùs then push up the buthons to map for the USEC.
